## Components' description

- Body: Aluminium + PMMA.
- Electric wiring: In class I homologated, executed with ballast and components approved.
- Diffuser: Optical room with polycarbonate V2 plate.

## Specifications

- Power supply: 240 Vac - 50Hz
- Wattage: 40W
- IP 65    CEI Class I 
- CE
- Luminous flux 2mt. (lx): 324 lx
- Luminous flux (lm): 4000 lm  $\pm$  10%
- Color temperature (K): NW 4000  $\pm$  300 K
- Color render index: > 80
- Luminous efficiency (lm/W): 100 lm/W  $\pm$  10%

## Optional components

- Emergency kit
- Replacing power supply
