

## STEP-OVER BENCH WITH PASS-THROUGH

<b>Length</b>	450, 500, 550, 600
<b>Width</b>	350, 450, 500, 600

Frame structure in stainless steel AISI 304. Top in AISI 304 sheet, 1.20mm thick, with inner plywood reinforcement and stainless steel lower cover. Rounded (R=10mm) longer edges. Prepared for wall mounting. Easy lifting and wall stopping of the folding seat without using mechanical tools. When the folding seat is open, it allows an easy passage without stepping over the bench. When the folding seat is closed, it easily leans on the prepared side bench.
